OUR FULL RESPONSIBILITY

The Environment

Caring for and **reducing our impact on the environment** is at the very heart of Full House Coffee. In fact, along with championing the artisan, it is the reason Full House Coffee was created.

We believe **environmental commitments should go above and beyond regulating sustainable coffee production.**

That's why we consider every process of the Full House Coffee service and look to **minimise environmental impact** as much as possible.

AN INDEPENDENT

Coffee Shop

right next to your water cooler

With a rich heritage in coffee and machine leasing and 20 years of experience supplying to offices across the UK.

Full House Coffee is the only provider that brings an independent coffee shop in your workplace.

IT'S ALL ABOUT

The Coffee

Our exclusively labelled **Primio and Espresso coffee is UTZ/ Rainforest Alliance certified**, the largest program for sustainable farming of coffee in the world.

Additionally, the **Direct Trade with farmers** means they are **paid 30% more than the fair-trade route.**

Reusables & Consumables

When it comes to consumables, **we prioritise solutions that are reusable, compostable and responsibly sourced** without compromising on quality or performance.

From biodegradable essentials to durable, reusable options, we supply everything your coffee station needs to operate efficiently while **reducing environmental impact**.

Our Mission

At Full House Coffee, **we believe office coffee should be more than just delivered, it should be curated.**

Our mission is to **source the finest local roasts from trusted suppliers, pair them with world-class machines** and deliver consistently exceptional coffee experiences, all while keeping our **environmental impact to a minimum**.

Technical Support

Our experienced team provides fast, reliable support from installations and site surveys to servicing, repairs and replacement parts. Whether you need a once-off repair or ongoing maintenance support, we'll help keep your machine performing at its best.

- Nationwide coffee machine service
- Free site surveys and professional installation
- New commercial coffee machines available
- 12-month warranty cover
- Fully compliant spare parts and repairs

Full House Servicing, right the First Time!

WATER DISPENSERS

The worlds smartest touch tap. Aqua Libra Co design, manufacture, supply, and maintain the industry-leading range of energy-efficient water dispensers.

From smart touch taps to bottling systems, to unique centralised distribution system that filters water at source, their products are among the most economical and technologically advanced water dispensers in the world.
